

Instructions for contributors

SEEDI papers are published in SEEDI Review of the National Center for Digitization, Faculty of Mathematics, Belgrade. Authors retain ownership of the copyright for their article, but authors allow anyone unrestricted use, distribution, and reproduction in any medium, provided the original work is properly cited. **No permission is required from the authors or the publishers.**

As SEEDI papers are being published on-line, we request that you submit your contribution in **Word** format and by **email** to seedi2013@nsk.hr. Use whatever font is the default typeface on your computer and use as few special layout features as possible, as these will have to be manually discarded in the production process.

Papers should not be more than approximately 10 pages long. To facilitate electronic retrieval, please include an **abstract** of approximately 700 words and three or four **key words**. If you do not provide these, the Editorial board may insert key words at their own discretion.

Articles may be subjected to a **linguistic check**.

Paragraphs and **headings** should be separated by a blank line. Headings should be printed in bold type.

Any **figures**, **tables** or **pictures** should not only appear in the text, but also be supplied separately in tiff or jpg format.

Literature references should be given in brackets: (Smith, 2011, 106). In order to provide context to your article, you are encouraged to use the **hyperlink** feature in Word for references to on-line information resources. Readers will greatly appreciate a separate list of references and websites referred to in the text at the end of the article.

Notes can be inserted as Word footnotes.
